If you have any further comments or any suggestions that you feel might be helpful to the school in developing our parents' evenings, please indicate them below.

- Brilliant parents' evening. Our daughter is coming on lovely with loads of help/support from the teachers. Thank you.
- Thank you for the comments given to us in explaining our daughter's progress. We were really pleased with how she is progressing and making small improvements across the curriculum. We felt that because she has already had this class teacher before, she has settled quicker and the teacher has a better understanding of our daughter's needs.
- Feedback was very thorough. The teacher had a very clear understanding of our child's needs and a detailed knowledge of our child's development. A very positive experience. Thank you for all of your hard work.
- Teacher knew our child very well and she voiced his learning needs and abilities well. In the short period she knew our son, it was obvious she was aware of his learning development. As it was the end of a long day for her, I felt too many questions would have lengthened the stay. However I know these can be asked at a later date. Thank you.
- We enjoyed sharing how well and settled our son is at school.
- The class teacher was extremely helpful, supportive and answered any questions/concerns we had in full detail all throughout the meeting.

- We were very pleased with the information we were given regarding our daughter's progress and also happy with the ideas they are going to put in place after Christmas to help with her confidence. We thought the parents' evening was well organised. Showing the examples of school lunches was a great idea. It's good to see the sort of things our daughter is eating for dinner.
- Appointment times are a great idea.
