

Parental Survey – November 2023

Year group of your child/children (please select all that apply)

Answered: 69 Skipped: 0

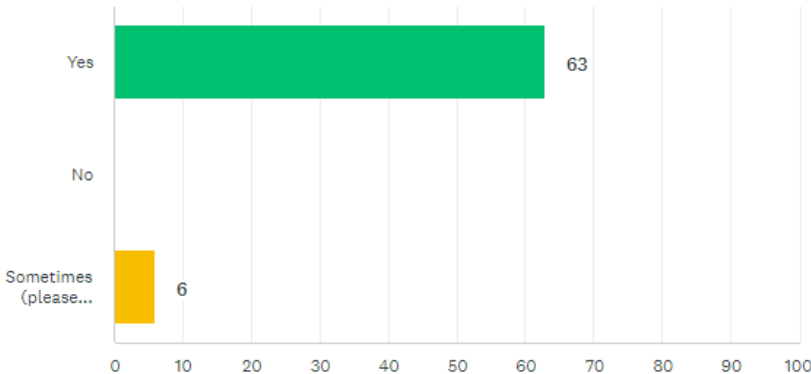

69 responses overall from a mixture of year groups. Some parents selected multiple year groups to reflect their family structure.

We allowed parents to remain anonymous should they wish. 53/69 chose to leave names and 16 chose to remain anonymous.

We did ask parents to identify the year group of their child/children so that we could identify any trends.

From those who had felt they had experienced bullying, 4 commented that school had responded positively when there was an accusation of bullying

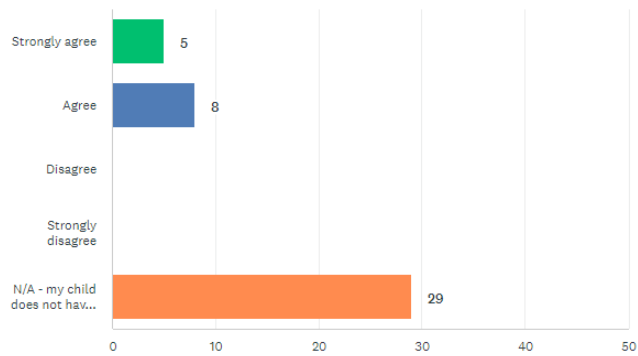

The school informs me of my child's learning, the progress they are making and what they are learning about at events such as Parents' Evenings and Curriculum Evenings.
